President Falconer,
Univ. of Toronto.
Toronto.

Dear Sir:-

My younger brother W.S. Hardy graduated from Toronto University in April 1917. He then immediately joined the Univ of Toronto O.T.C. Though he has since repeatedly volunteered for Overseas drafts he has not been accepted. The result is that he has now been in that Company for a year, and is still training in it in Toronto.

Prior to enlistment, he suffered terribly from nervous trouble - in fact, it was often feared that he would be forced to leave his University Course uncompleted. After enlistment, his health at first improved; then his old trouble began to again interfere with his usefulness - during the last two months he has been on sick leave during the greater part of his time.

You may remember that George had a brilliant University Course - winning first place in the Dept of Classics

J. P. Parry, Esq.,

Strathroy, Ont.

Dear Mr. Parry:

I am sorry to know that your brother has given way under the strain of his training. I have spoken to Major Peerdler who is in charge of the Training Company with regard to him, and he tells me that he is thoroughly acquainted with your brother's case. He has a very high regard for his and I am sure he will do anything in his power to help him. I have asked him to give the most careful consideration of any application that may come from him for leave or discharge through sickness, and I am sure that this will be given him. Naturally action would have to be taken on the application of your brother himself.

Yours sincerely,

President.
